

# Newport Orthodontics & Children's Dentistry

The results are in! The hugely successful 4th annual "Cash for Candy" event at Newport Orthodontics & Children's Dentistry saw our patients and community bringing in over **488 lbs** of Halloween candy!

All the collected candy was then donated to "Operation Gratitude" - An organization dedicated to sending care packages to U.S. service members deployed overseas, their children at home, and to recuperating wounded veterans.

Special thanks and congratulations go out to the students, teachers, and PTA at the **Davis Magnet School** for their amazing support. Their great effort resulted in the winning donation of 221 lbs of Halloween candy! As a result, the Davis Magnet School will receive the top prize of matching dollars donated to their PTA.

Also, congratulations to **Reid Rolfes** and his family for their personal donation of 46 lbs of Halloween candy!

A giant "thank you" to everyone who participated in and made this event a great success. This year, records were set as the most successful, fun, and rewarding "Cash for

**Early Warning Signs of Orthodontic Problems**

Some orthodontic problems may be easier to correct if treated early.

Waiting until all the permanent teeth have come in, or until facial growth is nearly complete, may make correction of some problems

more difficult. But...children and adults ca ... [Read Article](#)

**Dental Sealants**

Many of the foods you or your child eat, especially those high in sugar and starches, cause the bacteria that normally occurs in your mouth to produce acids. If this acidic

plaque isn't removed from your teeth by daily brushing and flossing, tooth de ... [Read Article](#)
